

Section	Device name	Equipment model	Quantity
Main processing equipment	Machining center	TV116	3
Main processing equipment	Machining center	TV860	5
Main processing equipment	Machining center	VMC850	2
Main processing equipment	Machining center	VMC850	1
Main processing equipment	Machining center	T1270	1
Main processing equipment	Drilling and tapping center	T600	2
Main processing equipment	Drilling and tapping center	T600	1
Main processing equipment	Turning and milling compound CNC lathe	CNC46C-IVD	5
Main processing equipment	Turning and milling compound CNC lathe	CK46-4+4-Y	2
Main processing equipment	Turning and milling compound CNC lathe	CK52DTY	1
Main processing equipment	Turning and milling compound CNC lathe	ZC46	1
Main processing equipment	CNC lathe	ZC46	4
Main processing equipment	CNC lathe	SCG42	1
Main processing equipment	CNC lathe	SCG46	2
Main processing equipment	CNC lathe	SCG52	1
Main processing equipment	Precision CNC lathe	NEX-110	1
Main processing equipment	CNC multi-face cutting machine tool	DMC0640	1
Main processing equipment	CNC lathe	400K	13
Main processing equipment	Sawing machine	GW4028	1
Main processing equipment	CNC sawing machine	G-33	2
Main processing equipment	Tapping machine	KZ-M16	2
Main processing equipment	Variable frequency air compressor	S30A7VS	1
Main detection equipment	Image measuring instrument	QVMS-3020	1
Main detection equipment	Three-coordinate measuring machine	CROMA TOUCH 05.06.04	1
Main detection equipment	Yaw inspection instrument	5017	1
Main detection equipment	Roughness meter	SJ-210	1

Cleaning and polishing equipment	Ultrasonic cleaning machine	V640	1
Cleaning and polishing equipment	Ultrasonic cleaning machine	V730	1
Cleaning and polishing equipment	Magnetic grinding machine	W-600C	1
Cleaning and polishing equipment	Box-type ordinary pressure sandblasting machine	STR-9060	1
Laser equipment	High-speed laser marking machine	110*110	1
Main processing equipment			48
Main detection equipment			4
Cleaning and polishing equipment			4
Laser equipment			1
